Breeze Redwine is an international singer songwriter who sings pop with a soulful country influence. And she rocks too!

'Money' is the high-energy ambitious debut release from this passion-filled artist who is still only 18 years old. The single, originally released in 2016 when Breeze was just 14 years old was re-recorded by SAFO Music Group in London. It is her first major UK single release which is expected to resonate with followers of big named artists including Taylor Swift, Miley Cyrus, Imagine Dragons and Shawn Mendes.

The song explodes into life as Breeze celebrates the self-empowerment of an emerging artist. At Just 18 years old, she insists 'It's not about the money'. It's about her love of

singing, music and performing. She has music in her soul and the desire to entertain with pop, country, dance and heady love songs that have a hint of country and subtle defiance.

A country-feel song, **Money** brings out the inner strength in Breeze. She launched the song on 9 April via a 'live stream' at **Stonham Sessions**, a new music venue at Stonham Barns Park in Suffolk.

Breeze says of Money, 'It's how I felt at the time. I just want to sing. It's not about the fame and fortune. It's not about the money. It's what's in your heart and soul. 'I'm at my best when I am performing and songwriting. I feel as though I can take on the world!'

Breeze writes narrative songs with depth and feeling about life from a young, female perspective. The country-loving teen raised in the county of Norfolk. Her lyrics are feel-good and upbeat, daring and heady, often focusing on love, happiness and life lessons. Occasionally she touches on more sensitive issues, including the mental health of young people.

**Breeze has the power of delivery like no other. She sings from deep in her soul and knows just how to tell a story that resonates. She is truly gifted** - Laurence Hobbs, Director SAFO MUSIC

**Breeze is fabulously talented but quietly unassuming. Above all, she loves to entertain and brings a whole playful new energy to the music arena. She is a powerful singer songwriter, happy and content to grow as her musical output develops** - Alan Forward, Owner of Management Company, Stonham Sounds.

**This girl is set for the top** - Stephen Bumpfrey, BBC Radio Norfolk presenter.

Her early release, **Courage**, independently recorded and released, began her journey into the music business. Now becoming widely known on the UK music scene, she is dedicated to her loyal fan base with views, plays and followers growing exponentially.

Among her notable performances are included, Long Beach and LA, California; the O2 and Dingwalls, London; the NEC Birmingham; and many appearances in the East of England, across Norfolk, Suffolk, Essex and Cambridgeshire.

Money will be released on 9 April. It will be available to download on streaming platforms such as *Spotify* and *YouTube*. It will also be available to purchase on *iTunes* and *Amazon Music*.
